An icon risen from an icon. The latest landmark in a seven-decade lineage of legend. Uprooting and reinventing the category we first coined over 75 years ago. A blood-stirring beautiful monument to modernity. Born and relentlessly reborn to race hearts, level mountains, shrink continents and viscerate every benchmark that's gone before. Pulsing with new technology that places the driver in a seat of new perfection. Redesigning what it means to be a 'tourer'. From its inside, out. This is no mere GT. This is fiercer. This is purer. This is sharper. This is bolder. This is finer. This is DB12. The world's first super tourer.

Interior

The interior design focuses on a driver-centric cockpit, seamlessly integrating innovative technologies with luxury craftsmanship and materials. The new design character introduces horizontal surfaces, blending with the horizon, promoting a sensation of the vehicle being at one with its environment. Occupants sit below the shoulder line with a high centre console ensuring engagement with the luxurious cockpit. The straight lines are softened with elegant cabin jewellery and distinctive trim details. Driver-centric controls are ergonomically placed, ensuring maximum driver connection. Offering a combination of contemporary display screens and interactive analogue switches, the cabin provides the optimum balance.

This configurator is not an offer to sell and is merely an indication of the types of Aston Martin vehicles, options or accessories which may be available from time to time and which may be ordered or purchased from an authorised Aston Martin dealer. Any purchase is subject to the terms and conditions of sale (including price) issued by the particular dealer. Any vehicles illustrated may include additional options at the time of any sale that are not featured here. Each vehicle or option described in this document is subject to availability. Features and specifications may vary according to each market. All information in this document is subject to change by Aston Martin without notice. Aston Martin makes no warranties, representations, or guarantees of any kind, express or implied, in relation to the vehicles and options presented including but not limited to, the accuracy, currency, or completeness of the information given in the Aston Martin vehicle configurator.

Official government fuel consumption figures in litres/100km (mpg) for the Aston Martin DB12: WLTP Low 20.6 (13.7); WLTP Medium 12.2 (23.2); WLTP High 10.2 (27.7); WLTP Extra High 10.7 (26.4); WLTP Combined 12.2 (23.2). WLTP CO2 Emissions 276 g/km. Urban RDE trip NOx 85.8 mg/km, PN 9e11; Complete RDE trip NOx 85.8 mg/km, PN 9e11. PEMS ID: 09-SCF-2018-0001; TA Number: e9*715/2007*2018/1832DG*1611*00.

These figures are intended for indicative comparability purposes. The development of the vehicle will shortly be completed. The fuel consumption you may achieve under real life driving conditions and CO2 produced will depend upon a number of factors including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. The official figures for this vehicle will be released upon completion of Testing

Prices listed in this configurator are Aston Martin's recommended retail prices including taxes but exclude any additional costs necessary to put your car On The Road (OTR Price). Accessories pricing does not include fitment. Prices may vary from time to time and do not constitute an offer by Aston Martin to sell any vehicle. Aston Martin cannot be held liable for any information or prices that are displayed incorrectly or inaccurately.
